

RESTORE

TM

Electrolyte supplement for horses

A carefully formulated electrolyte supplement designed to match the composition of horses' sweat.

RESTORE is designed to replenish electrolytes in any situation where the horse may have sweated, particularly after training, travel, racing, during hot weather or competition. The actual amounts of chloride, sodium, potassium, and magnesium lost in sweat are replaced by RESTORE.

If these essential nutrients are not replenished, the consequences may include dehydration, muscular weakness, overheating, fatigue, and poor performance.

The composition of RESTORE mimics that of horses' sweat so it restores what has been lost from sweat. The dose rate should be adjusted according to the amount of sweat loss. RESTORE contains more electrolytes per dose than most other electrolyte supplements.

USES:

- For electrolyte replacement for all horses that sweat
- As an oral electrolyte supplement in feed

GUARANTEED ANALYSIS:

| | | (Per 30 g*) |
|-----------------|-------|-------------|
| Sodium (min) | 23.3% | 7,000 mg |
| Chloride (min) | 48.0% | 14,400 mg |
| Potassium (min) | 13.3% | 3,900 mg |
| Magnesium (min) | 1.7% | 510 mg |

*One 60 g tube of RESTORE paste provides equivalent amount of electrolytes

DIRECTIONS FOR USE:

Adjust dose according to sweat loss and work intensity. Divide daily amount fed equally among meals and mix well. The following recommendations are for a horse with a mature body weight of 1100 lb (500 kg) and should be adjusted accordingly.

| <u>Work Intensity</u> | <u>Level of Sweating</u> | <u>Daily Intake</u> |
|-----------------------|--------------------------|---------------------|
| Light | Visible sweat | 30-60 g |
| Moderate | Dripping sweat | 60-90 g |
| Heavy | Extended sweating | 90-120 g |

1 scoop = 1.05 oz (30 g)

For best results feed RESTORE after competition, work or in any situation where the horse has sweated. In addition to RESTORE, all horses should have access to a salt block or additional loose salt.

AVAILABLE SIZES:

10 lb, 4.54 kg (151 servings)
40 lb, 18.14 kg (605 servings)

RESTORE PASTE

Restore is also available as a buffered paste, which allows for ease of administration. The buffering action aids in gastrointestinal comfort.

1 tube = 2.1 oz (60 g)
